WE'RE SHAPING A BRIGHTER DATA SCIENCE FUTURE

NEXT-GEN CREDENTIALS FOR DATA SCIENCE PROFESSIONALS

DATA SCIENCE REVOLUTION

2026 is going to be a massive year for data science enthusiasts. The Global Data Science Market size is expected to reach a whopping USD 322.90 billion by 2026, spiraling at a Compound Annual Growth Rate (CAGR) of 27.7% during the forecast period beginning in 2021. Industry 4.0 is further accelerating the demand for data science professionals by creating millions of new jobs today and in the coming future.

The U.S. Bureau of Labor Statistics says data science jobs are expected to grow by at least 19% by 2026. However, the current skill development rate for data science professionals stands at a slackened 14%. As of now, on average, a data science job remains vacant for 45 days due to a talent crunch. The US BLS projects another score of massive demand for skilled data scientists to soar by 36% between 2021-2031; making this career choice a worthy one for the aspirants.

IBM reports a 30% surge in Data Science Jobs by the close of 2024

Get the world's most powerful **data science certifications** to simplify your career path!

The United States Data Science Institute (USDSI®) is the world leader in credentialing and learning in the Data Science profession. We provide ground-breaking and futuristic data science certification programs to upskill and reskill data science professionals. USDSI® is committed to meet the industry-relevant demands and take the responsibility of developing the perfect talent, potential, and abilities to be e cient and well-qualified in data science.

WE'RE COMMITTED TO DATA SCIENCE EDUCATION. IT MATTERS!

LATEST PROGRAM CONTENT	GLOBAL RECOGNITION	OUR COMMITMENT	IMPACTFUL LEARNING
30+ SMEs	**160+** COUNTRIES	**100K+** CERTIFIED PROFESSIONALS	**150+** HOURS OF LEARNING
Meticulously developed program content are vetted and verified by world-renowned SMEs.	Our Data Science Certification programs are recognized worldwide in more than 160 countries.	We are committed to develop relevant skills in data science and certify 100k professionals by 2026.	Experience world's most extensive, exhaustive, and industry-relevant content of learning in Data Science.

DATA SCIENCE CERTIFICATIONS

CDSP™
Certified Data Science Professional

DATA SCIENCE PROFESSIONAL
CERTIFICATION

For **aspiring** data science professionals

CLDS™
Certified Lead Data Scientist

LEAD DATA SCIENTIST
CERTIFICATION

For **progressive** data science professionals

CSDS™
Certified Senior Data Scientist
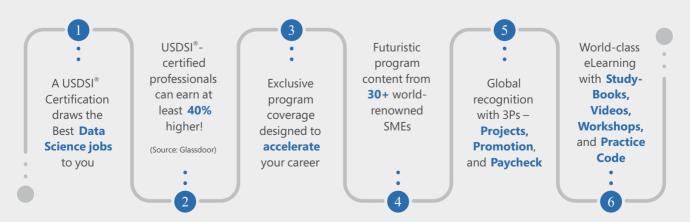

SENIOR DATA SCIENTIST
CERTIFICATION

For **accomplished** data science professionals

If you think data science is the right career option for you and are ready to embark on a journey in the most fascinating and enthralling knowledge-based industry, then these certifications are must-have qualification, the world's best and renowned Data Science certifications to become the ultimate leader in the Data Science profession.

These certifications by the United States Data Science Institute (USDSI®) is explicitly designed to meet the challenging demands of Data Science profession and provide the right skill-sets with the best and ultimate technical knowledge. These certifications are the best qualification to demonstrate your expertise, potential, and promise for managing Data Science professions' onerous responsibilities.

BENEFITS OF THE USDSI® CERTIFICATIONS

The USDSI® certification aims to transform high-achievers into technical leaders for a more significant impact in the organizations, business, and industry and others rich exposure to planning, designing, and implementing processes and layouts that fits best in today's highly competitive data-driven world.

1 A USDSI® Certification draws the Best **Data Science jobs** to you

2 USDSI®-certified professionals can earn at least **40%** higher!

(Source: Glassdoor)

3 Exclusive program coverage designed to **accelerate** your career

4 Futuristic program content from **30+** world-renowned SMEs

5 Global recognition with 3Ps – **Projects, Promotion**, and **Paycheck**

6 World-class eLearning with **Study-Books, Videos, Workshops,** and **Practice Code**

CERTIFICATE AND **DIGITAL BADGING**

The function of sharing badges in digital communications, including social media, is one of the important functions of the dgBadge (USDSI's digital badge partner). Each digital badge has a unique URL, which can be embedded in a website or social media channel. Representing skills as a badge gives Data Science professionals a way to share their expertise online in a way that is simple, secure, and trusted—can be easily verified in real time. Certified professionals can add their LinkedIn as well as their entire professional journey so far on their digital badge to demonstrate their achievements.

TESTIMONIALS

USDSI® provided self-study kit (personalized study books 3 volumes, real world workshop based e learning, self paced videos, Practice Code) for CLDS exam preparation and high quality of this study kit really benefited me immensely in successfully securing CLDS™ certification.

USDSI® staff was very supportive and responded to all my queries on prompt basis.

Chintamani Modak, CLDS™
Senior Manager, Dell Technologies in

I am happy to announce that I am a Certified Lead Data Scientist, endorsed by the United States Data Science Institute. I am pushing a career path in this course and am willing to work with individuals and teams in their systems. I aim to add maximum participation and bring the expected results to the organization.

Nikhil Thahir, CLDS™
Data Science, Luminar Technolab in

Microsoft · Infosys · IBM · hp · amazon · accenture · yahoo! · xerox

HCL · Google · facebook · Cognizant · wipro · Tech Mahindra · tcs · SanDisk

RESOURCE HUB

USDSI® o ers the world's most powerful data science certifications to simplify your career path and ensures that you must prepare thoroughly for the rigorous skill assessment at the end of these self-paced programs. To help you with your preparation, USDSI® will provide you with the meticulously developed 'resource hub' which is vetted and verified by the world-renowned 'USDSI® Data Science Advisory Board' that comprises of best subject matter experts and influencers of data science like CTOs, CIOs, Data Scientists, Technology leaders from fortune 500 companies. We also update our curriculum at regular intervals to stay relevant and to reflect the modern data science trends.

STUDY BOOKS

The resource hub includes, USDSI® Study-Book 1, Study-Book 2, and Study-Book 3 – all these e-books cover the latest technological advances in data science like Python, R, Machine Learning, Deep Learning, Hadoop, Spark, Scala, Kafka, DevOps, Docker, Kubernetes, Cybersecurity, and more, specially designed for the data science enthusiasts.

E-LEARNING

You'll get to view and learn from the best e-learning program for USDSI® certification programs which includes relevant collection of self-paced videos that will help you know the latest technological advances in data science and how to build your fundamental knowledge of it. This e-learning module will also introduce you to the finest workshops that talks about the real-world projects and use cases.

PRACTICE CODES

Another very important part of your learning is to practically test your preciously acquired knowledge with some real-world data and scenarios. The USDSI® certification Practice Codes help you to put your learning into practice and makes you ready for the real challenges at a very early stage of your career.

USDSI®

UNITED STATES DATA SCIENCE INSTITUTE

About USDSI®

The United States Data Science Institute (USDSI®) is deemed a high-end and in-depth technical certification provider for Data Science Professionals and leads the global panorama in Data Science Organizational Transformation, Innovation, and Leadership.

USDSI® researches, designs, and certifies personnel who enter or engage in various emerging Data Science Majors.
